

## CHAIRMAN'S AWARD

Turnaround Management Association established the Chairman's Award in 2001 to recognize individuals who have displayed outstanding leadership by fostering the growth and stature of the association and the corporate renewal industry, as well as having distinguished themselves as prominent professionals in their specific areas of practice. Conceived as a vehicle for honoring individuals at the pinnacle of their careers, this award is one of the highest distinctions that TMA can bestow upon a member.

The Chairman's Award is given at the discretion of TMA's chairman and may be given to as many recipients as appropriate or to no one in any given year. The chairman's recommendations are subject to the consent and approval of TMA's Operations Committee. The Chairman's Award is presented at the annual convention.
