

BRIDGET A. MARTIN

After graduating college in 1988, Bridget Martin began her career with Dollinger Travel where she became the Manager of all the Bausch and Lomb on-site offices in three states. The job required client satisfaction, growth and retention; negotiations with vendors and on-site liaison for groups, incentives and sales meetings such as the Amelia Island Tennis Tournament, NBA Finals, Ryder Cup, and the Olympics. Bridget served on the Travel Advisory Committee for Dollinger Travel from 1992 – 1999.

In 1999, Bridget joined Monroe Capital, Inc. and currently holds the position of Vice President of Commercial Operations. The problem solving, management, negotiation and people skills she acquired over her ten plus years at Dollinger Travel/Bausch and Lomb allowed for a smooth transition to Monroe Capital. Bridget's direct responsibilities include commercial operations, investor relations, new client development, satisfaction and retention, and working closely with corporate attorneys on funding, work-outs, corporate structure, private placements and procedural matters.

Bridget serves on the Board of Directors for Turnaround Management Association, Upstate New York Chapter, the Budget Advisory Committee for a suburban school district, the Summit Committee for Bivona Child Advocacy Group and as a Team Leader for Light the Night.

Bridget also spends her time and effort volunteering and raising funds for the Leukemia & Lymphoma Society, Ronald McDonald House, American Cancer Society, Camp Good Days and Special Times and the Bivona Child Advocacy Center.
